lition paper as the National Republicans,
lineary simps of the grapel vindictiveness.

continue remonstrating against the prospective state of the second correspondent—so calm and moderate, so discriminating and glass-familiable approach of JETT. Davies and correspondent—so calm and moderate, so discriminating and glass-familiable approach of JETT. Davies and proper consists to call attention to the evil of giving car to and circulating exciting rumors.

The situation is had ecough as it is, I may be a mile to the state of the s mixed harred of Southern people turks and evil ones among the negroes, sometimes not only tosult and literat white citizens, but demoralize of these negrophilists, should feel alarm

that his old master, instead of being his curring which, though mostly small, ersinto important facts by ramors and misin his power, reduce him to a still worse
state of slavery, he is easily disquieted
and ready to look with suspinon upon
every measure of restraint put upon him.
In this condition of affairs, the smallest irregularities are exaggerated by the
busy tongue of excited numer into serious
disturbances. If a patrol is instituted to protector and friend was his oppressor difficulties are often magnified and made disturbances. If a patrol is instituted to write according to information received, without vouching for the correctness of the information. The allegation of the fact by the party allesding the injury, shows a bad "situation" of affairs. I shows a s ration at once appears to the imagination have no reason to disbelieve or doubt the of the poor freedings as a measure for his oppression. And so the bad conduct of one or two idle and vagabond blacks in a community, is too readily assumed at night four miles from town. The new table of the poor freedings as may be no reason to dischery or donk the intelligence.

Another recent case was this. The Sheriff Porter was killed by a man town the first perspective for donk the intelligence.

Another recent case was this. The Sheriff Porter was killed by a man town the intelligence in the southern states as conquered day. The marderer was admitted to day the prelimination of the poor freedings as the same of the poor freedings as the poor freedings a

before, anything like a general conspir-acy is impossible, morally and physic-ally. But great harm may come of the continued agitation of its probabil-some good may be done by changing the and of which there are very hopeful signs, in the recent voluntary return to employ- more harm than good.
